Experience

Wizmeet (Startup)

May 2024 – June 2024

Social Media Manager

Bhopal, Madhya Pradesh

- **Collaborated with Teams:** Worked closely with design and marketing teams to create cohesive campaigns that supported product launches and promotions.
- **Automated Post Scheduling:** Utilized tools like Hootsuite and Buffer to schedule posts, ensuring consistent brand presence and freeing time for strategic tasks.
- **Explored Emerging Trends:** Researched social media trends and implemented innovative approaches to engage target audiences effectively.

Forethought India

May 2022 – June 2022

Data Analysis Intern

Bhopal, Madhya Pradesh

- **Streamlined Data Validation Workflows:** Designed and implemented automated scripts to validate data quality, ensuring that only accurate and complete records were included in analysis.
- **Built Report Automation Systems:** Used Python and Excel macros to generate and distribute daily/weekly reports to stakeholders, reducing manual reporting efforts.
- **Leveraged SQL for Data Analysis:** Wrote complex SQL queries to extract actionable insights from large datasets, reducing analysis time.

Projects

Ink & Pixel | *HTML, CSS, JavaScript*

- **Utilized best SEO practices** to improve visibility and search engine ranking for the portfolio website.
- **Designed a visually engaging user interface** with CSS animations, Flexbox, and Grid for a seamless browsing experience..
- **Ensured cross-device compatibility** by building a fully responsive design that adapts to desktops, tablets, and mobile screens.

Gify-Instant-GIF-Search-Share | *HTML, CSS, JavaScript*

- **Created a dynamic GIF search engine** with JavaScript, HTML, and CSS that integrates APIs to allow for real-time GIF search and presentation.
- **Input validation and security checks** were put in place to guarantee correct query format and improve user experience.
- **Improved load times** for smooth interaction and included asynchronous API calls to optimize GIF retrieval performance.

Official E-Mail Address | *Java, OOPS, Java Collection Framework*

- Utilized Java for backend development, ensuring robust and secure code architecture
- Implemented email validation and password strength checks to ensure compliance with company security policies
- Integrated SMTP protocol for automatic email delivery of temporary credentials to new users

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, SQL
Designing Software: Adobe Illustrator, Adobe Photoshop, Canva
Developer Tools: VS Code, Eclipse
Technologies/Frameworks: GitHub, WordPress

Leadership / Extracurricular

Chemical Engineering Students Association	Spring 2024 – Present
<i>Deputy Secretary</i>	<i>MANIT, Bhopal</i>
* Leadership and Coordination: Spearheaded initiatives to engage chemical engineering students through workshops, seminars, and interactive sessions.
